## Huron Perth Healthcare Alliance

### ***Family/Emergency Medicine— St. Marys, ON***

The **Happy Valley Family Health Team (FHT)** has an opportunity for a full time physician to assume the practice of a retiring physician in July 2019. The patient roster is approximately 1,000. The practice would be located in a group turn-key facility with 10 other physicians.

All physicians as part of this team provide hospital inpatient care in addition to emergency services at St. Marys Memorial Hospital (SMMH). SMMH is located next door to the FHT office.

#### **About the Happy Valley FHT and St. Marys Memorial Hospital:**

The Happy Valley Family Health Team is a dynamic team of professionals that provide comprehensive care to residents of St. Marys and the surrounding rural area. The multi-disciplinary team consists of physicians, nurse practitioners, nurses, dietitian, pharmacist, mental health worker, addictions counsellor and administrative support. The team is committed to providing primary healthcare services to the community that are innovative, collaborative and interprofessional.

St. Marys Memorial Hospital is a 20 bed well equipped hospital. The emergency department is staffed 24/7 by family physicians. Available on site are specialty clinics in Internal Medicine and Surgical Services. There is strong specialty support available through colleagues at Stratford General Hospital, approximately 15 minutes away.

#### **Our Community:**

St Marys is a small community with a population of approximately 7,000. It is a 90 minute drive West of Toronto and just 30 minutes from London. It is a community recognized for its natural resources, with the Thames River and many limestone buildings and homes. The town is known as Stonetown because of their unique limestone architecture.

#### **Schedule and Compensation:**

Office hours are flexible, generally 3-4 days per week. All physicians work in the emergency department and are compensated via an AFA. Shadow billings are also paid directly to the physician.
