# Huron Perth Healthcare Alliance

## *Family/Emergency Medicine* *Clinton, ON*

The **Clinton Family Health Team (FHT)** has an immediate opportunity for a full-time comprehensive Family Physician. In addition to providing family medicine, it is expected that the physician will also participate in hospital work, including emergency department coverage at Clinton Public Hospital.

### **About the Clinton FHT and Clinton Public Hospital:**

The Clinton FHT is an interdisciplinary team of health care providers that provide primary healthcare to patients and families in Clinton and surrounding communities. In addition to family physicians, the team includes; NPs, RNs, RPNs, Social Work, Mental Health Worker, Dietitian, Psychologist and Administrative Staff.

Clinton Public Hospital is a 20 bed well equipped hospital. The emergency department is staffed 24/7 by family physicians. There is an active surgical program, in addition to on-site specialty clinics including Internal Medicine, Geriatrics and Paediatrics. There is strong specialty support available through colleagues at Stratford General Hospital, less than 1 hour away.

Weekly Grand Rounds in addition to Journal Club and Round Table education sessions are available locally.

### **Our Community:**

Clinton (the municipality of Central Huron) is located along Ontario's West Coast. The community is moments from live theatre, great shopping, warm sandy beaches and spectacular sunsets. Many major centres are within easy driving distance, yet living in Clinton and area one can enjoy a warm, small town atmosphere with steady residential growth and a strong agricultural climate.

### **Schedule and Compensation:**

Office hours are flexible, generally 3-4 days per week. There are no after hour or weekend clinic on-call requirements. Physicians work 24 hours in the emergency department and are compensated via an alternate funding agreement.

Shadow billings are also paid directly to the physician. Split shifts can be arranged for those interested.

Patient volumes are approximately 25-35 within the 24 hour period.

Physicians who practice full-time are eligible to apply for provincial funding of up to \$84,760.
